Associated Builders & Contractors Announces Excellence in Construction Award Winners

Kansas City, Missouri - Associated Builders and Contractors (ABC) Heart of America Chapter announced the winners of 11 Excellence in Construction Awards during the annual Excellence in Construction Awards celebration held virtually on November 5th.

MW Builders, of Kansas City, Mo., received the grand prize President's General Contractor Award for The Yards. American Boiler & Mechanical of St. Louis, Mo., received the grand prize President's Subcontractor Award for 1879 Distillery at The Village Bar. In addition, Emery Sapp & Sons, Inc., won the General Contractor Safety Award, hth companies received the Sub Contractor Safety Award and TIC-The Industrial Company, won the Superior Safety Award.

"The Excellence in Construction Award winners demonstrate a commitment to innovation, quality, and safety, and we are proud of our honorees' dedication to producing exceptional projects," said ABC Heart of America Chapter President Michele Roberts-Bauer. "This year's award winning projects exemplify how teamwork, careful planning, quality craftsmanship and perseverance can produce best-in-class results and we are proud to claim them as merit shop."

The Excellence in Construction awards program is the industry's leading competition, developed to honor innovative and high-quality merit shop construction projects. The award honors all construction team members, including the contractor, owner, architect and engineer. The winning projects, selected from entries submitted from across Missouri and Kansas, were judged on complexity, attractiveness, unique challenges overcome, completion time, workmanship, innovation, safety, and cost. A panel of industry experts served as the competition's judges. Excellence in Construction Awards are given to the top projects in each category.

###

Associated Builders & Contractors, Inc. (ABC) is a national trade association representing more than 21,000 merit shop contractors, subcontractors, material suppliers and related firms across the United States. ABC membership represents all specialties within the U.S. construction industry and is comprised primarily of firms that perform work in the industrial and commercial sectors of the industry. The ABC Heart of America Chapter serves Missouri and Kansas.
